

MAMELODI SUNDOWNS PARTNERS WITH SOUTHERN SUN

Pretoria - Thursday 07 December 2023 - Mamelodi Sundowns, the recent winners of the African Football League and CAF Women's Champions League, have partnered with Southern Africa's leading hospitality group, Southern Sun as their official Hotel Accommodation & Conferencing Partner.

Commenting on the partnership, the Mamelodi Sundowns Chairman, Tlhopie Motsepe said: "We are delighted to share this exciting new partnership with the public. Southern Sun has been a loyal supporter of South African sports for many years, with notable partners being the Comrades Marathon and the Springboks."

The partnership took into consideration two key stakeholders – our teams and our supporters. Southern Sun's premium accommodation and quality service made this partnership a clear winner in regards to giving our teams the best advantage to recover from the amount of travel and number of games that they face in a season. For our supporters, Southern Sun are providing competitive discounts in their hotels across the SADC region- which allows Masandawana to save more on away matches and family holidays.

Marcel von Aulock, Southern Sun chief executive, says the group is delighted to enter into partnership with Mamelodi Sundowns. "Since the group's inception more than 50 years ago, we have been supporting sport in South Africa through long-term relationships with many South African sporting bodies. We are thrilled to enter into a partnership with Mamelodi Sundowns, and we look forward to extending our warm hospitality to the team."

With Mamelodi Sundown's demanding travel program and having played 24 games since the beginning of the season in August, the team is proud to partner with a hotel group that understands the requirements of a sports team.

Quality sleep and diet are part of the recovery process for a sports team, the players and Technical Team can always count on the comfort of the Southern Sun rooms and their world class amenities to provide an optimum environment for the team.
