A little respect, that's all the Earth asks. The ancient, San hunter-gatherers of Southern Africa lived as one with their world. They used only what they needed. Today following their example, we serve fresh produce that is both seasonal and as close to Sandton as possible. That way, we all reduce our carbon impact and by using re-cycled glassware and locally produced crockery, we also support our surrounding communities.

Let's keep it down-to-earth. Enjoy!
